

HEALTH INFORMATICS (FOR TRIALS) WORKING GROUP 1ST ANNUAL MEETING

In partnership with **HDR UK**

Online: 18-Jan-2021 1000 to 1600

Final agenda: v1.01

Topic	Presenter	Dur ⁿ
Morning A (1000)		
Chair = Amanda		
Welcome <ul style="list-style-type: none"> Aim of TRMP, HIWG Progress and broad engagement 	Amanda Farrin	10
Update on methodology work from groups (1010)		
TMRP HIWG Topic Groups (membership, priorities, progress)		
<ul style="list-style-type: none"> Digital Technology Digital Health Interventions Participant Data Data Sharing Routine Data Novel Designs 	Duncan Appelbe Gillian Shorter Aiden Doherty C Gamble / M Robling Matt Sydes Amanda Farrin	5 5 5 5 5 5
HDR UK Programmes and Hubs (1040)		
<ul style="list-style-type: none"> HDR Insight Hub National Programme HDR Breathe Hub HDR DataCan Hub HDR Northern Partnership 	Pearse Keane Martin Landray Jenni Quint Geoff Hall P Williamson & A Farrin	5 5 5 5 5
Summary of recent meeting TMRP and HDR UK Better Care		
<ul style="list-style-type: none"> Patient-Reported Outcomes for Better Care, Better Research 	Paula Williamson	5
Q&A		10
Comfort break (1120)		
All		
10		
Morning B (1130)		
Chair = Matt		
Invited presentation (1130)		
Update from NHS Digital & Digitrials – Supporting COVID-19 trials	H Pinches	20
Q&A		5
Breakout discussions 1 (1155)		
(a) Trials of/using wearables	(Breakout groups)	25
<ul style="list-style-type: none"> methodological opportunities practical challenges to efficient research PPI issues 		
OR		
(b) How to engage wider trials community in HIWG and HDRUK trials research?	(Most will have pre-specified at registration a topic to join)	
Feedback from breakout groups	Matt + Facilitators / All	15
Lunch (1235)		
All		
<i>(breakout rooms for free discussion -- available 1300 to 1335)</i>		

Topic	Present/Chair	Dur ⁿ
Afternoon C (1345)		
Chair = Matt		
Lightning talks on important and emerging topics <ul style="list-style-type: none"> Brief updates on ongoing & planned projects & activities Topics may include AI, PPI, digitech Proposals submitted by attendees ~3 minutes per talk with or without slides 	Patricia Kearney Charles Harper Mia Tackney Frank Sullivan Colin Berry Kirsty Roberts Krista Wills Jane Rees	~30
Where can routine data be already used & where are the knowledge gaps? – Presentations (~1415) <ul style="list-style-type: none"> SWATs – Survival comparison in BOSS + generic protocol SWATs – Self-harm in SHIFT SWATs – Cancer progression in prostate and breast cancer Systematic review – ongoing and for future 	Matt Sydes Sharon Love Alex Wright-Hughes Nick James & Judith Bliss Saiam Ahmed	2 8 8 10 5
Comfort break	All	10
Afternoon E (1500)		
Chair = Amanda		
Breakout discussions 2: Where can routine data be used & where are the knowledge gaps? <ul style="list-style-type: none"> Identifying opportunities for coordinated SWATs – which questions to prioritise? How to share as-yet-unpublished SWAT findings? Encouraging full papers, research letters What are barriers to delivering SWATs in this area? 	(Opening) (Breakout groups) (Each to cover 2 or 3 of these topics)	3 30
Feedback from breakout groups	Amanda & Facilitators / All	20
Close-out <ul style="list-style-type: none"> Summary of findings Next steps for HIWG & HDRUK Trials 	Matt	5
Close (by 1615)		
Homework – post-meeting collation of information <ul style="list-style-type: none"> Feedback Info gathering & post-meeting homework: What SWATs are already in literature but hidden in clinical papers or conference abstracts? Membership / affiliate membership for HIWG Topic Groups Lists of ongoing projects relevant to HIWG & HDRUK Volunteers for TMRP Twitter takeover 	All
